Hi Professor,

Thanks again for the interview and lunch today.

And a BIG thanks for being an amazing professor for Mat223. I got a 90% in the course and i believe it is because i enjoyed your lectures a lot. I looked forward to your classes more than i did for some other courses because it was a lot of fun being a part of the environment in your lectures.

Happy Holidays and a Happy new year.

See you soon in Mat102 😊
